CONTENTS

Number 1

1 Purana basins of peninsular India: a review *Vivek S. Kale and V. G. Phansalkar*

37 Structure of the Central North Aegean Trough: an active strike-slip deformation zone *Nicolas Roussos and Triantafyllos Lyssimachou*

47 Book Reviews

Number 2

51 Geometric modelling of facies migration: theoretical development of facies successions and local unconformities *Douglas J. Cant*

63 Vertically persistent sedimentary facies boundaries along growth anticlines and climate-controlled sedimentation in the thrust-sheet-top South Pyrenean Tremp – Graus Foreland Basin *Poppe L. de Boer, Jos S. J. Pragt and Albert P. Oost*

79 Controls on Late Jurassic seismic sequences, Inner Moray Firth, UK North Sea: a critical test of a key segment of Exxon's original global cycle chart *John R. Underhill*

99 Early Tertiary palaeoenvironments and sedimentation in the NE Main Porcupine Basil (well 35/13–1), offshore western Ireland – evidence for global change in the Tertiary *M. R. Dobson, J. R. Haynes, A. D. Bannister, D. G. Levene, H. S. Petrie and R. A. Woodbridge*

Number 3

123 Half-graben basin filling models: New constraints on continental extensional basin development *Roy W. Schlische*

143 The inception and early evolution of the North Alpine Foreland Basin, Switzerland *Philip A. Allen, Sarah L. Crampton and Hugh D. Sinclair*

165 Tectonic loading, sedimentation, and sea-level changes in the foreland basin of north-west Alberta and north-east British Columbia, Canada *J. R. Underschultz*

175 Book Review

Number 4

177 Sediment blanketing and the flexural strength of extended continental lithosphere *Garry D. Karner*

187 Tectonic brines and sedimentary basins: further applications of fission track analysis in understanding Karoo Basin evolution (South Africa) *Michael J. Duane and Roderick W. Brown*

197 Tectonic development of the Drummond Basin, eastern Australia: backarc extension and inversion in a late Palaeozoic active margin setting *S. E. Johnson and R. A. Henderson*

215 Late Cretaceous basement foudering of the Rosario embayment, Peninsular Ranges forearc basin: backstripping of the El Gallo Formation, Baja California Norte, Mexico *Nicholas Pinter and Madeleine M. Fulford*

223 Early fill of the Western Irish Namurian Basin: a complex relationship between turbidites and deltas *John D. Collinson, Ole Martinsen, Bente Bakken and Anne Kloster*
